Data Collection Form**

FCC Form 481

OMB Control No. 3060-0986/OMB Control No. 3060-0819

July 2013

<010>	Study Area Code	359114
<015>	Study Area Name	Premier Wireless, Inc.
<020>	Program Year	2016
<030>	Contact Name - Person USAC should contact regarding this data	Ryan Boone
<035>	Contact Telephone Number - Number of person identified in data line <030>	7127223451 ext.
<039>	Contact Email Address - Email Address of person identified in data line <030>	rboone@mypremieronline.com
<110>	Has your company received its ETC certification from the FCC?	(yes / no ) <input type="radio"/> <input checked="" type="radio"/>
If your answer to Line <110> is yes, do you have an existing §54.202(a) "5		
<111>	year plan" filed with the FCC?	(yes / no ) <input type="radio"/> <input type="radio"/>

If your answer to Line <111> is yes, then you are required to file a progress report, on line <112> delineating the status of your company's existing § 54.202(a) "5 year plan" on file with the FCC, as it relates to your provision of voice telephony service.

- <112> Attach Five-Year Service Quality Improvement Plan or, in subsequent years, your annual progress report filed pursuant to 47 C.F.R. § 54.313(a)(1). If your company is a CETC which only receives frozen support, your progress report is only required to address voice telephony service.

Name of Attached Document

Please select the appropriate responses below (Yes, No, Not Applicable) to confirm that the attached document(s), on line 112, contains a progress report on its five-year service quality improvement plan pursuant to §54.202(a). The information shall be submitted at the wire center level or census block as appropriate.

- <113> Maps detailing progress towards meeting plan targets
- <114> Report how much universal service (USF) support was received
- <115> How much (USF) was used to improve service quality and how support was used to improve service quality
- <116> How much (USF) was used to improve service coverage and how support was used to improve service coverage
- <117> How much (USF) was used to improve service capacity and how support was used to improve service capacity
- <118> Provide an explanation of network improvement targets not met in the prior calendar year.

Line 510 – Description of Compliance with Service Quality Standards and Consumer Protection Rules:

Premier Wireless, LLC ("Company") certifies that it has complied and will continue to comply with applicable state and FCC service quality and consumer protection standards. Specifically, Company is required to certify on an annual basis with the Iowa Utilities Board that it is complying with applicable service quality standards and consumer protection rules. Company also monitors and reports certain service quality metrics in accordance with IAC §199-22.6.

Company is also subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3.

In addition, Company has implemented multiple consumer protection measures to protect the consumer against fraud and to protect customer information from improper use and disclosure. These measures include implementing both a Customer Proprietary Network Information policy that complies with FCC rules and regulations and a Red Flag policy that complies with FTC rules and regulations. Both policies require training for all employees which includes authenticating customers, identifying/protecting customer proprietary information, detecting & preventing identity theft, and reviewing Company's disciplinary process. Company has also appointed a Compliance Officer to oversee both policies and respond to any employee questions. Finally, Company restricts access to customer information to only those employees who need access to perform their job functions.

#### Line 610 – Description of Functionality in Emergency Situations:

Premier Wireless, LLC ("Company") certifies that it has followed and continues to follow industry best practices that are designed to allow Company's voice and broadband services to remain functional in emergency situations. These best practices include maintaining back-up power, utilizing redundancy within our network, and managing traffic capacity.

##### Back-Up Power:

Company maintains an 8 hour minimum battery back up at all central office and remote office locations. In addition to battery backup, each location has a permanent natural gas or propane generator which is designed to automatically turn on in the event of a power failure. Company also maintains a 6 hour minimum battery back up at all field terminal locations. In the event of a sustained power outage, Company has approximately 20 gas-powered, portable generators to power its field terminal locations and additional portable generators for cell-site locations. Finally, our ONT's are equipped with 8 hour battery backup. Company also takes proactive measures by conducting monthly testing on generators and performing real-time monitoring of commercial power & generator activity within all levels in its network. All measures above support both voice and broadband network equipment should an emergency situation occur.

##### Network Redundancy:

Company has utilized industry best practices to build redundancy into every facet of its network. Specifically, every central office and remote office location has redundant fiber routes into its premise. Company utilizes both a fully-redundant regional second-mile and state-wide middle-mile fiber transport ring with all traffic (voice & broadband) able to terminate to multiple locations within the state. Company also maintains redundancy in equipment (voice & broadband) that is designed to automatically "fail-over" in the event one piece of equipment fails, in addition to keeping spares on hand.

##### Managing Traffic Capacity:

Company's network is engineered to provide maximum capacity in order to handle excess traffic in the event of traffic spikes resulting from emergency situations. This includes maintaining network capacity (voice & broadband) that is typically not fully utilized under normal circumstances and employing industry best practices to manage traffic flow and capacity in times of unusual network use, such as emergency situations.

Line 1010 – Description of Voice Services Rate Comparability:

The Wireline Competition Bureau's most recent reasonable comparability benchmark for voice services is \$47.48, which includes the federal subscriber line charge ("SLC").

Premier Wireless, LLC ("Company") offers a multitude of different plans throughout its service territory with some plans including text messaging and/or data. In addition to its typical monthly plans, Company also offers "No Contract" plans for different lengths of time ranging from 3 days to 60 days. The best comparison for the two standard deviation test is the 30-day no contract plan which has a local rate of \$35.00. All other comparable plans include some form of text messaging and/or data which would not be a reasonable comparison to the benchmark. Therefore, the Company's pricing of fixed voice services is less than the reasonable comparability benchmark of \$46.96.

## LOW-INCOME TELEPHONE ASSISTANCE PROGRAM

### LIFELINE

Low-income telephone assistance is available to qualifying low-income lowans through the "Lifeline" federal telephone assistance program. Supporting documentation will need to be provided for participation in the program.

lowans who participate in at least one of the following programs are eligible for telephone assistance: Medicaide, Food Stamps, Supplemental Security Income (SSI), Federal Housing Assistance, Low-Income Home Energy Assistance Program (LIHEAP), Temporary Assistance to Needy Families Program (TANF), National School Lunch Program (NSL).

lowans who do not participate in one of the above programs are eligible if their income is at or below 135% of the Federal Poverty Guidelines. Eligible subscribers may only receive low-income assistance from one wireline or wireless telephone provider. To apply applicants should call 1.888.550.4497 and request an application. Or, download a Lifeline Application.

### LIFELINE

**iWireless participates in the Lifeline Program.**
